

Material Safety Data Sheet – InSight Keto Vet Test Strips

Section 1 – Product and Company Identification

Manufacturer: Woodley Equipment Company Ltd.

Old Station Park Buildings, St. John Street, Horwich, Bolton, BL6 7NY, UK

Tel: +44 (0) 1204 669033

Email: sales@woodleyequipment.com

Product Name: InSight Keto Vet Veterinary Ketone Test Strips

Intended Use/Application: InSight Keto Vet Veterinary Ketone Test Strips are thin strips with a chemical reagent system that work with the InSight Keto Vet Veterinary Ketone Meter to measure the ketone level in animals.

Section 2 – Composition/Information on Ingredients

The InSight Keto Vet Test Strips are stored in a sealed foil pouch.

Description of Components:

Ingredient Name	Concentration
HBDH	0.5IU
DAD	0.5IU
Mediator	0.015mg
Non-reactive ingredient	0.02mg

Section 3 – Hazard Identification

The product may be harmful to health if swallowed and may pollute the environment if not properly treated as medical waste after use.

Section 4 – First Aid Measures

Eye Contact: Flush open eye under running water for 15 minutes or longer. If pain or irritation occurs, seek medical attention immediately.

Skin Contact: Wash contacted skin with soap and water. Remove contaminated clothing. If pain or irritation occurs, seek medical attention immediately.

Ingestion: Rinse mouth with water and seek medical attention immediately.

Inhalation: Not applicable.

Section 5 – Fire Fighting Measures

Not applicable.

Section 6 – Accidental Release Measures

Personal Precaution: Not applicable.

Environmental Precautions: Dispose of the strips as medical waste.

Methods for Cleaning Up: Dispose of the strips as medical waste.

Section 7 – Handling and Storage

Handling: Handle as directed in the package insert. Take out the test strip directly and use it with the meter to test a blood sample.

Storage: Store test strip in a cool, dry place at room temperature (+4°C to +30°C). Keep away from any heat source and direct sunlight.

Section 8 – Exposure Controls and Personal Protection

Exposure Limits: Not applicable.

Engineering Controls: Not applicable.

Other Protective Equipment: Wear appropriate eye protection to prevent eye contact. Wear appropriate body protection to prevent skin contact.

Section 9 – Physical and Chemical Properties

Appearance: A reagent layer on a plastic card that has been printed with carbon, silver and insulation layers. Then, a cover sheet stuck to the card with double-sided adhesive.

Colour: The reaction zone has a white triangle arrow and the top cover of the test strip is sky blue.

Odour: No odour.

Boiling Point (°C): Not applicable.

Melting Point (°C): Not applicable.

Flash Point (°C): Not applicable.

Autoignition Temperature (°C): Not applicable.

Density (kg/m³): Not applicable.

Viscosity: Not applicable.

pH: Not applicable.

Solubility in Water: Not applicable.

Section 10 – Stability and Reactivity

Stability: Stable.

Materials to Avoid: Humidity.

Hazardous Decomposition Products: Not applicable.

Section 11 – Toxicological Information

No information available.

Section 12 – Ecological Information

Not applicable.

Section 13 – Disposal Considerations

Dispose of test strips as medical waste. Disposal must be made in accordance with applicable country, federal, state and local regulations.

Section 14 – Transport Information

This product is ordinary goods with no dangerous properties.

Section 15 – Regulatory Information

Not classified as hazardous according to ECC criteria.

Section 16 – Other Information

To the best of our knowledge, the information provided herein is accurate but does not purport to be all inclusive. It is intended to provide a general guidance in terms of safe handling, storage and disposal of materials. Woodley Equipment Company thus assumes no liabilities for any damage or loss resulting from handling or from contact with this product. Contact Woodley Equipment Company if additional information is needed.
