VETERINARY iPhone® ECG

AliveCor™ **VETERINARY HEART MONITOR**

Easy To Use

Screen more patients - no stress or shaving required in the majority of animals

Powerful

Clinical-quality, single-lead ECG recorder leverages the power, display and communication capabilities of the iPhone® 4 / 4S / 5 / 5S

Convenient

Screen a wide variety of animals quicker and easier during wellness and sickness exams, in addition to preoperative and diagnostic work-ups

Valuable

Exceptional value for money for all clients

Portable

An ECG device as mobile as you are

Accurate

Current veterinary testing demonstrates accuracy in rate and rhythm compared to traditional devices

Accessible

Securely store ECGs with notes and patient information on the device and in the cloud for immediate analysis, sharing and printing

VETERINARY iPhone® ECG

:: VETERINARY HEART MONITOR ::

THE DEVICE

Veterinary Heart Monitor

The Veterinary Heart Monitor snaps onto your iPhone® 4 / 4S / 5 / 5S like a case and wirelessly communicates with the app on your phone. No pairing between your iPhone® and the Heart Monitor is required.

THE APP

AliveECG Vet

The AliveECG Vet app is available for free download from the Apple® App Store. Once in the app, create an account and you're ready to begin recording ECGs. It's that easy to get started.

THE WEB

AliveCorVet.com

AliveCorVet.com provides you with anytime, anywhere, secure online access to all of your uploaded ECGs. Once you have the Veterinary Heart Monitor and the AliveECG Vet app you can create an account that gives you access to your personal ECG hub.

.....
Within your hub you are able to analyse, print and share your ECGs. The online services will continue to expand based on customer feedback.

For veterinary use only
