

Overview

These instructions describe how to upgrade the **CPOC** Host software using the EDM.

How to Load an Upgrade File into the EDM

- 1. Save the desired Host upgrade file to disk. (i.e. c:\Temp).
- 2. Using Internet Explorer, connect to the EDM (ie. <u>http://localhost/EpocManager</u>) and log in as administrator. (User Name: **epocsysadmin**, Password: **epocadmin**)
- 3. From the EDM menu, select **EPOC System** → Host settings → Software update.
